

**Evencure BCP** Bituminous Curing Compound and Primer being applied as a primer on concrete for bituminous overlay by ASC Pty Ltd at the Domain Tunnel, City Link Project, Melbourne.

The concrete was previously cured with Evencure XDS and allowed to oxidise prior to application of Evencure BCP.

Evencure BCP has been applied extensively by ASC Pty Ltd throughout the Citylink Project for Baulderstone Hornibrook & Abigroup Contractors.

Many major sites throughout Victoria been successfully coated with Evencure BCP including:

- ▶ Boronia Tunnel
- ▶ Tullamarine Airport
- ▶ Western Ring Road
- ▶ Darnum Interchange Bridge
- ▶ Woodend By Pass
